The screenshot shows a web browser window with the address bar displaying `localhost:8080/api/stats`. Below the address bar, there are navigation icons for Gmail, My Drive, SAIT - Calendar, and ChatGPT. A toggle for "Pretty-print" is checked. The main content area displays a JSON object representing the service status:

```
{
  "status": "success",
  "contents": {
    "MemFree": 4313112,
    "MemAvailable": 6381868
  },
  "pid": 1,
  "hostname": "d40caf9317f1",
  "counter": 0
}
```
